

Lennox Merit Series™ gas furnace

The warmth of Lennox gas ducted heating

When you want to feel warm without feeling the pinch of high energy bills, the Lennox Merit Series™ gas furnace offers a reliable and economic solution.

The Lennox Merit Series™ gas furnace has a 3.8 (average) star efficiency rating and a versatile design, making it extremely installer friendly. For internal roof installations it can be mounted horizontally or with upflow directions. External installations are just as quick and easy with supply outlets located next to each other.

New and unique sound absorbing insulation panels deliver quiet operation. Plus, every component of the Lennox Merit Series™ is rigorously tested in our dedicated research lab, so you can count on your new furnace to deliver the highest possible levels of reliability and performance.

Quality Heritage

Lennox have been at the forefront of innovation and design since manufacturing the world's first home heating furnace more than 115 years ago. So you know when you choose Lennox you'll get more than just a piece of equipment. You get a complete luxury system from a manufacturer that is committed to providing you with the best in quality home comfort.

Optional Lennox cooling

Lennox's superior design and technology allows you to enjoy the comforts of cool air in summer, travelling through the same duct work as your gas ducted heating system. This can be set up at the time of installation, or added to your heating system further down the track.

Lennox Merit Series™ Gas Furnace

Application	Model Number	Star Rating	Output (kW)	Input (MJ/h)	Airflow Range (L/s)	Add-On Cooling (kW)	Dimensions W x D x H (mm)	Weight (kg)
